DETAILED ACTION

Election/Restrictions

Applicant's election of claims 1-4, 8, 9 and 12 in the reply filed on 10-3-05 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

The references cited within the Iids document filed on December 8th, 2003 have been considered.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 8 and 12 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Harigane et al. (5,035,047).

Allowable Subject Matter

Claims 3 and 9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The following references are cited as being particularly related to the applicant's disclosure: Watanabe et al. (6,836,959 B2), Arai et al. (6,811,627 B2), Araya et al. (6,152,679), Sato et al. (5,839,187) and Ando et al. (5,084,959).
